Or go to: <https://www.lincolncountyema.net/alerts>

-The American Red Cross shelter site workshop is an overview of what a shelter site is, what the requirements are, and what might disqualify a building to be a shelter.

- We'll cover the responsibilities, requirements and liabilities of both the facility owner and the American Red Cross during a disaster response.
- We will also cover the next steps towards making your facility a certified American Red Cross shelter.

~A Q&A Session will follow the workshop~

\*This workshop is intended for owners or controllers (or designees) of facilities that may serve, or be interested in becoming, an American Red Cross shelter in times of disasters.

We look forward to seeing you there! ~Lincoln County & Sagadahoc County EMA
